

Essay Question for Ph.D. Applicants / 博士課程 小論文課題

Write a short essay in English that explains what you expect to gain from the Ph.D. course of the Graduate School of Health Innovation. (Not more than 400 words.)

Purpose of the Question and Assessment Criteria

This essay is designed to comprehensively assess applicants' motivation, logical thinking skills, understanding of their field of specialization, relevant experience, and future potential by asking them to describe their expectations for studying at our university.

Applicants will be evaluated from several perspectives, including their understanding of public health and healthcare, the relevance of their prior experience to their proposed studies, and their motivation to address societal challenges through improvements in health and healthcare.

出題意図及び評価ポイント

本問は、本学での学修への期待を記述させることで、意欲、論理性、専門分野等 への理解、経験、将来性を総合的に評価することを目的としています。公衆衛生やヘルスケア領域に対しての理解があるか、進学後の取組に資する経験を有しているか、社会的課題に対し保健医療の改善を通じて取り組む意欲があるか等の視点から評価します。
